

Study Hall Application 2020-21

NAME _____ ID# _____

We will have limited space in study hall for the 2019-20 school year. If you are selected into a study hall, you are expected to work on homework in a quiet and respectful manner. Teachers have the discretion to remove students from study hall who are not using their time effectively.

Using the space below, describe the following:

1. Why would you choose a study hall (i.e. many after school activities, challenging course work, needing extra support, etc.)?
2. How would you use your time?

As a student and parent/guardian, we understand the expectation of study hall.
